

Revised Admission Notification for M. Sc. (Food Technology), 2021-23 Batch

CSIR-Central Food Technological Research Institute (CSIR-CFTRI), Mysuru (a constituent laboratory of Council of Scientific & Industrial Research, New Delhi) came into existence during 1950 with the great vision of its founders, and a network of inspiring as well as dedicated scientists who had a fascination to pursue in-depth research and development in the areas of Food Science and Technology.

The Institute has geared up its R&D and impact of the globalization has given very good dividends with a large number of externally funded projects from national and international agencies. The present scenario in the country is very vibrant with rising capital investment in food industry, which is expanding at a rapid pace in urban markets for processed foods, especially for the traditional foods through eco-friendly technologies. This has consolidated CSIR-CFTRI to evolve its capabilities and to position itself as a global R&D one-stop center with a firm commitment in delivering its R&D outputs to population through adaptable, affordable and appropriate technologies.

These unique features of CSIR-CFTRI are of importance in building an everlasting partnership with industries and agencies for excellence in science and technology, sponsoring consultative research and business tie-ups for long term strategic research as well as unparalleled technology development in the area of food science and technology.

The role of CSIR-CFTRI has always been on a high pedestal in the areas of Human Resource Development and R&D partnerships cherished through the international linkages with institutions, such as the Institute of Food Technologists (USA), United Nations University (Tokyo), erstwhile European Economic Commission (Belgium), National Science Foundation (USA) and many more. CSIR-CFTRI is an ISO 9001:2015 and ISO 14001:2015 organization and NABL accredited laboratory (ISO 17025: 2017) for chemical and biological testing of food and allied products.

M.Sc. Food Technology course was started in the year 1964 as a part of International Food Technology Training Centre (IFTTC) in the prestigious R&D Institute – the Central Food Technological Research Institute, Mysuru. The vision of pioneers was to bring about revolutionary impact in the area of Food Science and Technology Training. The students are the pillars and torch bearers of food processing industry in India and other countries. M.Sc.

(Food Technology) academic programme at CSIR-CFTRI is conducted in association with Academy of Scientific & Innovative Research (AcSIR). AcSIR has been established by an Act of Parliament as an Institution of National Importance. AcSIR, as an institution of higher education, operates in 'Hub and Spoke' model with its headquarters at CSIR-HRDC Campus, Ghaziabad, and all the CSIR laboratories including CSIR-CFTRI as its Academic Centre. AcSIR has been ranked **2nd** in the overall **SCIMAGO Institutional Rankings** among 241 universities in India in 2021, and has been ranked **9th** in "overall institutional output" and **1st** in "Chemistry" by **NATURE Index** among academic institutions in India during December 01, 2019 to November 30, 2020.

M.Sc. Food Technology is an inter-disciplinary course aimed to foster the food industries with highly trained food technologists. The extensive course curriculum amalgamated with hands-on-experience equip the students to address contemporary challenges and answer future challenges in the food sector. The Entrance Examination system is adopted to admit students to this course. There is also an intake of one seat from the Defence and two seats for Industry Sponsored candidates.
